

## THE LOOP – WEST

It's like no other ride. It's freedom, sunshine, open road and graceful curves. It's called the Loop and for motorcycle enthusiasts everywhere, it's a riders dream.

The Loop begins with a northerly trek at the foot of the Granada Bridge (on the west side) heading up Old Dixie Highway (Riverside Drive) in Ormond Beach. Going North, riders are greeted by a cathedral of trees in Tomoka Forest up to Walter Boardman Road where they hang a right (to go east) and go over the bridge and the Intracoastal Waterway (the Halifax River). There are several places to stop along the way and just enjoy the Florida countryside. After the bridge take a right for more winding turns and over a bridge , you'll come upon John Anderson Drive where you will make another right turn that takes you south through along the Intracoastal waterway lined with beautifully landscaped homes to Ormond Beach. As they continue to travel along the eastern side of the Intracoastal Waterway (the Halifax River). After more winding turns, you'll come upon Walter Boardman Road where you will make another turn that takes you further west to Old Dixie Highway. When you reach Old Dixie Highway, take another left (to go south) toward Ormond Beach.

If you haven't ever taken the Loop, we recommend it highly. This leisurely ride will give you a feel for Florida's natural beauty. Check out Ormond Park and the Fairchild Oak tree - one of Florida's oldest living Oaks. Bring your camera, maybe a boxed lunch, and enjoy. The Loop is approximately 22 miles long and a must for riders who enjoy an open road and Florida's natural beauty.
